

## **Regional Resiliency Action Plan**

### **RRAP Stakeholder Engagement Sub-Committee Web-Meeting**

**July 26, 2018 | 10 am**

Roll was taken. During the meeting, the subcommittee went over the attendance number for Brevard and Volusia workshops in August. The Volusia meeting is on the same day as the County Council Meeting. The RPC invited the Volusia Commission to attend the Brevard workshop. The RPC also talked with Clay Ervin at Volusia County about other options. One is to have Katrina Locke and other county staff work through the agenda with council members and have their input presented at the workshops. The agenda was reviewed and will be sent out for review soon by Tara to the subcommittee and then sent out to attendees and Volusia council members.

The subcommittee went over the agenda and engagement plans for the activity during the workshops. The final agenda and registration notice will be sent out August 1<sup>st</sup>. The sea level rise information will be presented during the workshops in a poster form so it is available to show future conditions and provide consistency in the approach.

Tara will send out a request if she needs more volunteers for the workshops on August 20<sup>th</sup> and 21<sup>st</sup>. The next meeting will be September 6.
